

<b>Unit 1 - Scarcity, Markets, Supply, and Demand</b>	<b>Unit 5 - Monetary and Fiscal Policy</b>
1 Scarcity	47 Central Banks
2 Production Possibilities Frontier	48 Goals of Monetary Policy
3 Law of Increasing Opportunity Costs	49 Tools of Monetary Policy
4 Specialization, Comparative Advantage, and Exchange	50 Effects of Monetary Policy
5 Circular Flow Including Government	51 Monetary Policy, Real GDP, and Price Level
6 Demand Curve	52 Monetary Policy and Aggregate Demand
7 Supply Curve	53 Strengths and Weaknesses of Monetary Policy
8 Market Equilibrium for Supply and Demand	54 Quantity Theory of Money
9 Producer and Consumer Surplus	55 Classical Economic Policy
10 Capitalism	56 Monetarism
<b>Unit 2 - GDP, Inflation, and Unemployment</b>	57 Discretionary Fiscal Policy
11 Components of GDP	58 Non-Discretionary Fiscal Policy
12 Circular Flow in GDP	59 Monetarism vs. Classical vs. Fiscal Policy
13 Inflation	60 Deficits and Surpluses
14 Nominal vs. Real GDP	61 Laffer Curve
15 CPI	62 Balanced Budgets
16 Effects of Inflation	63 The Burden of Public Debt
17 Phases of the Business Cycle	64 Crowding Out
18 Types of Unemployment	65 Fiscal or Monetary? Which is best?
19 Measuring Unemployment	66 Fiscal and Monetary Policy Coordination
20 Costs of Unemployment	67 Say's Law
<b>Unit 3 - Aggregate Supply and Demand</b>	<b>Unit 6 - Inflation and Unemployment</b>
21 Micro vs Macroeconomics	68 Demand Pull Inflation
22 Circular Flow with Aggregate Demand	69 Cost Push Inflation
23 Components of Aggregate Demand	70 Short-Run Phillips Curve
24 Shifting the Aggregate Demand Curve	71 Long-Run Phillips Curve
25 Short Term Aggregate Supply	72 Stagflation
26 Shifting the Short-Term Aggregate Supply	73 Growth Economics
27 Keynesian Long Run Aggregate Supply	74 Productivity
28 Classical Analysis of Aggregate Supply	75 Labor Demand Curve
29 Shifting the Long-Term Aggregate Supply	76 Wage Rate
30 Short-run Macroequilibrium	77 Diminishing Marginal Utility
31 Long-Run Classical Macroequilibrium	78 Marginal Revenue Product
32 Long-Run Keynesian Macroequilibrium	79 Components of Growth
33 Growing Output via Government Spending	80 Economies of Scale
<b>Unit 4 - Money, Banking, and Financial Markets</b>	<b>Unit 7 - Trade</b>
34 Functions of Money	81 Why Do We Trade?
35 Money's Inherent Value	82 Absolute Advantage
36 Money as Debt	83 Types of Trade
37 Time Value of Money	84 Gains from Trade
38 Money and Prices	85 International Supply and Demand
39 Money Supply	86 Equilibrium World Price
40 Monetary Value	87 Trade Barrier
41 US Financial System	88 Implications of Tariffs
42 Money Market	89 Implications of Quotas
43 Bond Market	90 Protectionism
44 Stock Market	<b>Unit 8 - Currency</b>
45 Loanable Funds Theory	91 Foreign Currency Demand
46 Creating Money with Money Multiplier	92 Supply of Currency & Exchange Rate

93	Currency Appreciation	Unit 9 - Competition
94	Currency Depreciation	98 Monopolies vs Oligopolies
95	Capital Account	99 Pure Competition vs Monopolistic Competition
96	Current Account	100 The Competition Spectrum
97	Current Account and Currency
